General rules and guidelines
For the TECHNOVATION

- For participation team leader must fill the registration form

- Team size will be from 2 to 5 members

The TECHNOVATION will be conducted in 2 rounds

Round 1: Submission of your idea (PPT in pdf format and video link for explanation of your idea , and If possible github link to your repo for software and link of uploaded CAD model for hardware)

Round 2: you have to present your solution live to the judges. **(Only for the teams that are shortlisted in first round)**

Note:

- Everyone who submit their solution in round 1 will get a certificate

Rules:

● For same problem statement You can not participate from two different teams.

● For round one, it is expected that you upload your video on google drive and submit its link in google form. Keep in mind to give access to the person who has the link (search on Google if you don't know how to do this) otherwise it will lead to disqualification.

● For hardware category, if possible upload CAD Model(In .Step format) on google drive and submit its link in google form.

● For round one, while Uploading presentation in pdf format size should be less than 8MB

● Don't try to copy the solution of other teams and don't share your solution with others

● For software category, your code must be with proper formatting

● If you are applying for both hardware & software category with the same team ,be sure to have different team leader .

Prize pool:

● **Software category   : 1st prize: ₹2,000/- , 2nd prize: ₹1,000/-**
● **Hardware category : 1st prize: ₹2,000/- , 2nd prize: ₹1,000/-**

Note:

- While submitting your solution make sure that whatever you mention in the ppt and the video must be implementable in the real world.

- All the decisions will be in the hands of committee if need they can make changes accordingly.

ALL THE BEST
